## ELITE-duo<sup>®</sup>

VCR / DVD Combo Recorder

Color

**VCR & DVD Recorder**

**Portable**

**Briefcase Style Unit**

**Lightweight**

*duo*

The **Elite-duo** is the perfect choice if you are undecided about using Tape or DVD. The Elite-duo combo unit offers BOTH a Samsung 4-Head HI-Fi VCR and a DVD Recorder eliminating having to choose a particular format.

The CCU folds up into a compact, slim, 'briefcase style' unit making it easy to bring with you. A 15" Hi-Resolution LCD screen and full detachable keyboard make up the remainder of the Elite-duo system.

The Samsung<sup>®</sup> VCR/DVD recorder is accessible from the front of the unit making it convenient to record your inspections directly onto a Video Tape

or DVD-R disk. The video is recorded on the fly as you are performing your inspection.

The control unit is designed with all operating functions top mounted for ease of use and monitoring. Included on the panel is a camera test terminal for easy analysis of problems that may occur. (It allows the camera to be tested without the cable reel)

An on-screen display overlay system is included providing on-screen count, time, date and eight (8) pages of memory for listing problems and displaying of company information.
