With PCFR	45"
Width	
With wheels (standard)	24.5"
With wheels (wide)	26.5"
Height	
With PCFR	23.25"
Weight	
Machine	104 lbs.
26PR reel w/ 10' tail piece	24.7 lbs.
PCFR	12 lbs.
Wheels (standard)	12.5 lbs.
Wheels (wide)	11.5 lbs.
Arms	
82RAS	21" and 26" reels

This is the standard arm that comes with this machine package.

The DM162 can be configured just the way you want it for the way you work. Check out this big, tough, versatile upright. We think it's the best money can buy and will give you long years of service, no matter how tough the jobs. A steel head bearing holds the reel in place and allows for a quick reel change with convenient swing bolts. A built-in tool box is a GREAT feature allowing for easy access to specific tools. The winch hook at the top of the frame makes it easy to lift the machine.
